Vision :

to be leading laundry business in the gulf region and the middle east

Mission :

varari provides more than just cleaning services, from the smallest to the largest details we strive to satisfy every single client.

Varari Global Laundry Company.

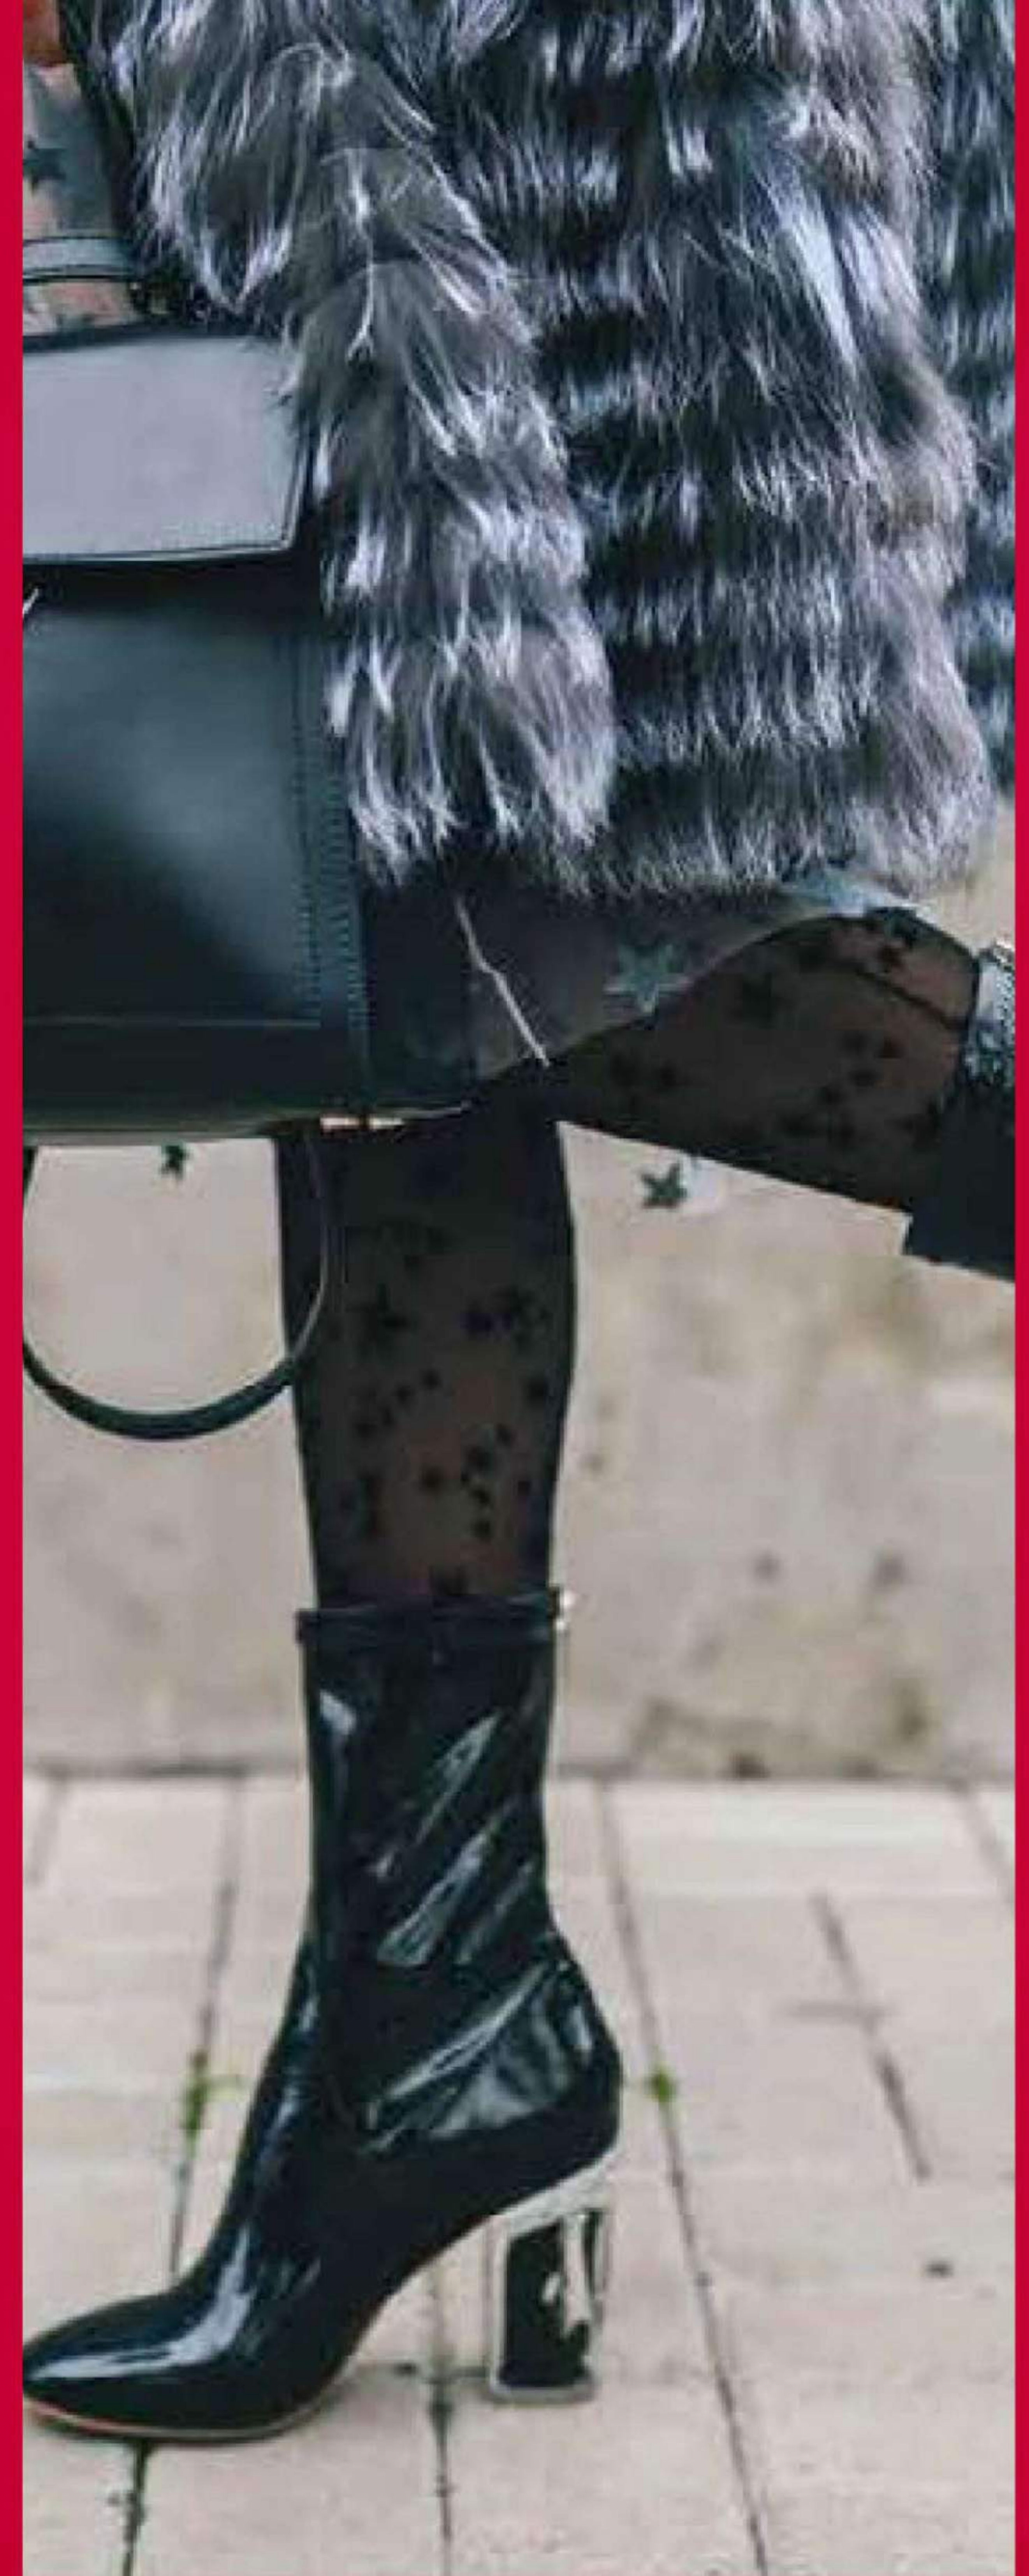

Varari is the title of excellence in Kuwait with dry-cleaning services provider with high-value skills and quality, as it has strong profile in the field of laundry and dry cleaning over the years. spread all over the State of Kuwait.

Special Service Department

A department specialized in luxury goods such as leather, bags, shoes and dresses.

The high standards and quality control systems available to us give comfort to our customers and make them trust us with their luxury pieces, starting from receiving them until re-delivery.

Our skilled craftsmen adopt the best international technologies and standards in dealing with high-end fashion, international brands, and wedding dresses.

Baby care

A service specialized in cleaning and caring for children's clothes, away from the use of chemicals that may cause allergies to the child's skin, so we use special materials to maintain the quality of clothes and the health of our children.

Quality Assurance department

The quality assurance department is responsible for examining in complete detail and with the highest levels of accuracy in order to ensure and maintain the quality of our services and the efficiency of work in all laundry centers in varari Network.

One more task is to take into account the implementation, following up, maintenance and improvements in our work.

Procedures in order to respect our Kuwait environment and the national HES&Q standards

Varari uses the best washing powders and fabric softeners of high quality, free of materials that damage fabrics or cause skin allergies.

Customer care department

Because customer's interest is a priority for us, we have established a special department to respond to their inquiries and take care of them 24 hours a day and provide the best offers and services that meet their needs, in addition to creating new services that varari is unique to presenting exclusively to its customers, in fulfillment and appreciation for them for choosing our services without others.

Complaints and suggestions department

Varari attaches great importance to the opinions of its customers and welcomes receiving complaints and suggestions regarding the services it provides to raise the highest standards of quality, which is an essential element for improving the level of service.

Development and Training Department

Varari is constantly striving to develop work practices with the latest machinery, equipment and systems in the laundries business.

In order to maintain the high level of services provided by varari, we have established this department to develop our employee's competency by providing them with the best and most suitable training programs to ensure the high quality performance.

Marketing department

This department is responsible of developing our marketing strategy by creating new ideas, conducting the market research to understand the needs of our clients, both individuals and companies, to provide the best services.

Department of Information Systems & communications

Varari is proud to have established its own Integrated Enterprise Resource Panning program (ERP SYSTEM) that connects all branches and includes all departments with an advanced system (accounting, human resources, customer service, points of sale, and logistic services).

Delivery Service Department

Our custom can choose when and where they wish us to collect & deliver their laundry.

Varari owns a fleet of modern vehicles that are equipped for pickup and delivering to and from the customer. This department is responsible to manage, follow up and tracking the accuracy of delivery service.
